

## Health Services Charter

The Studio Radiologico Di Stefano first opened in Fiumicino in 1981. It is specialised in the field of Diagnostic Imaging and works in agreement with the S.S.N. (National Health System) and privately with citizens and local companies. The structure is located in Via Formoso 52/58, at the ground floor, and the front door is accessible for people with disabilities.

When patients check in at the reception, they will be asked to show the following documents:

- A medical prescription
- National Health Card
- Valid identity document
- Previous medical reports

Patients have the duty to inform the medical staff in case of pregnancy or breast-feeding (D.L.197/200, Art. 10, comma 5).

## Privacy

At the time of check in, patients will be informed on the processing of their personal and sensitive data, in compliance of GDPR reg. (UE) n.679/2016.

## Payment methods

Payments can be made cash, by credit card, debit card or check.

## How to get results

Patients can get results at our reception. Information is only transmitted to the patient or correctly delegated person.

## How to get to us

For info and booking tel. 06. 65.82.071

The centre adopts protection measures for patients undergoing radiological examinations and uses the minimum amount of emissions depending on the kind of treatment expressly written in the medical prescription.

## OUR MISSION

The strict application of rules has always been a distinguishing feature of our work and we have constantly pursued the improvement of quality standards for all our services and their fit with the needs of patients.

## Our main purpose is patient well-being and satisfaction.

Here below are the principles that have always inspired our actions and activities:

- **Equality of rights of each patient**
- **Impartiality**
- **Continuity**
- **Participation**
- **Efficiency**
- **Effectiveness**
